

V·SLIM

WEIGHT MANAGEMENT

BLUEBERRY-POMEGRANATE
ORANGE CRÈME

GET THE RESULTS YOU'RE LOOKING FOR!

- Boost Metabolism*
- Curb Appetite*
- Maintain Healthy Blood-Sugar Levels*

We all want to look and feel great, but life often gets in the way. Work, school, family, and more place seemingly endless demands on our time and attention. We get it. If maintaining optimal body weight were easy, we wouldn't have needed to create V-Slim: Weight Management. But the fact is that more than 2/3 of Americans are overweight or obese. We've created this product to help those who no longer want to be a statistic. Many have preached that being overweight can be remedied by simple math: calories-in vs. calories-out. Unfortunately, it's not that simple. Proper weight control is a complex issue, with factors like stress, hormone imbalance, and appetite suppression playing key roles

in achieving a healthy weight. The good news is V-Slim: Weight Management is designed to address each of these areas.

Multiple Key Ingredients with Targeted Purposes, Comprehensive Benefits

Many weight management products on the market today take a narrow focus to weight control. Not V-Slim: Weight Management! This comprehensive formula boasts multiple ingredients to reduce cravings, boost metabolism, slow cortisol production, and maintain healthy blood-sugar levels. All this while providing a delicious and hydrating taste experience!

ADVANCED DELIVERY TECHNOLOGY

Vasayo's proprietary Advanced Delivery Technology utilizes enzymes to optimize the delivery of key nutrients within your body. Why is this important? Processing of herbs and other botanicals requires drying, which depletes precious enzymes needed for absorption and utilization in the body. As a result, Vasayo

has developed a smart enzyme delivery system designed to help replace lost enzymes and ensure that the nutrients in Vasayo's ingredients are absorbed and utilized faster and more effectively.*

Our mission is to deliver solutions to health-conscious consumers who demand superior quality

and delivery of key ingredients for optimal product performance. Utilizing the latest technology, Vasayo addresses common problems with extraordinary solutions. With Vasayo, the difference is in the delivery—and that makes all the difference!

How to Use:

Mix 1 packet in
6-8 oz. of water.

30 Servings

CONTAINS: Tree Nuts.

Features & Benefits

Boosts Metabolism: Helps fire up the body's fat-burning centers.

Curbs Appetite: Multiple ingredients help suppress appetite and curb cravings.

Supports Healthy Blood-Sugar Levels: Balanced, healthy blood-sugar levels are essential to slowing the production of fat in the body.

Promotes Hormone Balance: Slowing the production and activity of hormones like cortisol (the so-called "stress hormone") is also crucial to achieving a healthy weight.

Key Ingredients

Slimaluma® (Caralluma Fimbriata):

A cactus-like plant long used in India and surrounding areas as an appetite suppressant to ward off hunger in times when food was in short supply.

Garcinia Cambogia:

Contains the key compound hydroxycitric acid (HCA), which slows the stress hormone cortisol, boosts metabolism, and assists in maintaining healthy blood-sugar levels.

Gymnema Sylvestre:

Used for hundreds of years in India and elsewhere, this herb helps maintain healthy blood-sugar levels.

Chromium/Vanadium:

Two trace minerals essential for converting fat into energy. They also reduce cravings, boost metabolism, and aid in stress reduction.

Coconut Juice Powder:

This nutrient-rich, low-calorie beverage suppresses appetite, replaces essential electrolytes, and aids the digestive process.

Warning: Keep out of reach of children. Not intended for individuals under the age of 18. Consult your healthcare provider prior to use if you are pregnant, attempting to become pregnant, nursing, taking medications, or have any health care concerns. Do not use if safety seal is broken or missing.

Storage: Store in a cool, dry place.
